The following Apple devices DO NOT have eSIM capability:

- iPhone devices from Mainland China.
- iPhone devices from Hong Kong and Macao (except for the iPhone 13 Mini, iPhone 12 Mini, iPhone SE 2020, and iPhone XS).

Only iPad devices with Wi-Fi + Cellular features are supported.

For iPhone and iPad purchased in TURKEY:

- If you're setting up your device for the first time after June 23, 2020, your eSIM will be activated after setup. Contact your carrier if you don't have eSIM enabled.
- For devices set up before the above date, follow the steps in this [link](#) to activate your eSIM. The procedure may require you to erase your device; please make sure you back up your device before doing so.
